Dear Mr B

Thank you for your email.

I have asked the site to forward the copy of the care plan to your home address by recorded delivery once it is ready. I have also asked them to let me know when this will be sent. I have stressed the urgency.

In terms of requesting additional information with regard to your brother, please just send me the details of the information requested (as many details as you can) and I will liaise with the site to see whether we have the data requested.

Kind regards,

M D
